

Mountain View Regional Waste Management Commission Policy

	Policy No: 04-14
Policy Title: BATTERIES	Effective Dates: February 24, 2014
Rescinds:	Page 1 of 1

POLICY OBJECTIVE:

1. To establish the storage and management of automobile batteries for recycling.

POLICY STATEMENT:

1. Automobile batteries containing liquids and/or lead will be accepted at all Commission facilities for recycling purposes from residents.
2. All efforts will be made to encourage Transfer Station customers to separate batteries from other waste.
3. Batteries accepted for recycling will be stored:
 - a. On wooden pallets placed over a lime pad;
 - b. In a sheltered area; or
 - c. Covered with a tarp or plastic, or in an approved container.

RESPONSIBILITIES AND AUTHORITIES:

1. Recycling of automobile batteries will be coordinated by the CAO in accordance with contractual agreements.
2. The CAO shall be responsible for enforcing the Policy.
3. The CAO shall be responsible for updating and reviewing the Policy.
